

The Nation's small businesses will play a pivotal role in providing resources required to recover and to rebuild those areas impacted by Hurricane Katrina. USDA OSDBU is committed to providing small business customers information and assistance and directing you to the Federal agencies coordinating Hurricane Katrina Recovery Efforts.

Businesses, Contractors, Vendors

If you have resources to sell to the response agencies, please register those items in the National Emergency Resource Registry, accessible at: www.SWERN.gov. The response agencies will be checking this directory as the need for materials and services become known.
